

FACT SHEET FOR PEOPLE WITH DISABILITIES

The Openair Frauenfeld should be a special experience for every visitor. That's why it is very important to us, together with our partners of the Cerebral Foundation, to keep the festival area as wheelchair accessible as possible. You will find the most important information on this information sheet.

Please consider that the Openair Frauenfeld takes place on an open area. Depending on the weather, maneuvering a wheelchair can sometimes be difficult. We do our best to make and keep as many paths wheelchair accessible as possible.
